Subject: [External] Atlantic Coast Pipeline

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Dear Governor Cooper,

I am urging you to oppose permits for the ACP. This proposed fracked gas pipeline is a giant step backwards in the fight against climate change, will impose a financial burden on rate payers, and presents an environmental hazard. As our planet lurches ever faster toward an unsustainable climate we need to put our resources and efforts into renewable energy projects not more fossil fuel development!

Yours truly,

Kathryn A. Pedersen
